National Consumer Protection Week (NCPW) is a time to help people understand their consumer rights and make well-informed decisions about money, credit, mortgages, retirement and learn how to avoid financial fraud and scams.

A representative from the California Department of Business Oversight (DBO) will discuss the risks related to high-cost payday loans and how to avoid financial fraud and scams.

An interactive session with a financial behavior coach will help participants learn how to get out of debt, save for emergencies, buy a home and save for retirement.
